Cherry Blossoms in Gunsan

(End of March ~ Early April)

Wolmyeong Park
(20-min drive from base)
Address: 48 Wolmyeonggongwon
1-gil, Haemang-dong, Gunsan

Wolmyeong Park is a popular tourist destination in Gunsan and connects five mountains in the vicinity. The park has 7.5 miles of walking trails, as well as an observatory, sculpture park, and various monuments. From Susi Tower, which resembles a flame or wind-blown sail, people can see all of downtown Gunsan, the sea to the south of Gunsan, the mouth of the Geumgang River, and the large Janghang smelting factory. The park has well-arranged gardens and 30-year old rattan and cherry trees.

Eunpa Lake Park
(15-min drive from base)
Address: 9 Eupasunhwan-gil,
Naun-dong, Gunsan

Eunpa Lake Park is full of natural beauty. The road that runs up from the park entrance is lined with cherry trees that create a breathtaking tunnel of pink flowers each spring. This stunning cherry blossom tunnel draws crowds of families and couples each year, particularly on the weekends. Mulbit Bridge, a landmark of the Eunpa tourist site, offers an impressive view of the Music Fountain and nightscape. At the park, you'll also find an inline skating area, a water-front stage, and a lotus flower garden.

FSS SPOTLIGHT

April 2023

A1C Kennedy M. Carthen

Food Service Shift Leader
O'Malley Dining Facility

What is your best memory at the DFAC?

My best memory would have to be during the "Snowmageddon". When it snowed heavily, and everything shut down, we had to stand tall and make sure that we were feeding the base. It was a very busy and very cold time for all the contractors and military personnel. Seeing my team work hard together was worth the back pain and the frostbite. Also knowing that we were needed on another level and being able to accomplish that with them was a great feeling.

What is your favorite part about working at the DFAC?

My favorite part about working at the O'Malley DFAC is working with the Korean contractors and cooks. They have taught me multiple skills, especially when it comes to cooking, ensuring the job is done, and how the Kunsan DFAC operations work. Working with the Koreans daily, I feel that I am embracing their lifestyle. While accomplishing my tasks I am also experiencing a lot of the Korean culture and proudly understanding more of their language. I really enjoy working with them. The work environment is always a good time.

What do you wish the Kunsan community knew about your programs?

Food Advisory Council! This program ensures that we are hearing customer feedback. It gives us an opportunity to better our operations. The program is there to educate the customers on our process and during the council meeting, we open the floor for opinions. Please feel free to come by and participate in the council.
