## MSgt Sancoyus S. Justice

Kunsan Development Advisor  
Professional Enhancement Center

### What is your favorite part about working at the Professional Enhancement Center?

My favorite part about working at the Professional Enhancement Center is the friendly interactions and conversations I receive with all the 8 FW Airmen. Rather it's to help them explore options to further their future aspirations/opportunities or just conversations about life in general. Additionally, partnering with a multitude of agencies within PACAF and USINDOPACOM to achieve one goal "Developing Future Leaders" has been remarkably satisfying. This job has truly been one of the greatest jobs I have ever done.

### What do you wish the Kunsan community knew about your programs?

I would like for our 8 FW brothers and sisters to know that the Professional Enhancement Center not only pertains to providing retraining opportunities, but we also specialize in courses that incorporate the four pillars mind-set (mental, physical, social, spiritual). We are constantly exploring ways to uphold the CSAF's priority to find innovative and efficient ways to develop our future leaders through professional development. With the help of our stellar SNCOs, NCOs, and civilian counterparts, we have had success achieving this task so far.

### What is your best memory at the Professional Enhancement Center?

My best memory at Kunsan can be summed up in three words, "Camaraderie, Opportunity, & Culture". Being an intricate part of the Wolfpack family has truly been the best thing that ever happened in my Career. Kunsan has taught me how to become a better leader, mentor, and friend. The Wolfpack will always be near and dear to my heart. "Defend the Base" (HUA) "Take the Fight North" (Bring it), and "Accept Follow-on Forces" (Wolfpack).

**When preparing to mail out items,  
exercise these safe practices:**

- Isolate, bag and seal liquids to prevent leaks & package damage
- Wrap fragile items in bubble wrap
- Leave as little space for movement within your package as possible; stuff with newspaper, packing paper or packing peanuts
- Place extra customs forms or identification items inside your package. Weather and other factors may cause damage to the shipping label affixed to the package exterior.
- Verify that your package contains no prohibited items. If unsure, check out Kunsanfss.com/post-office, USPS.com, or talk with a postal clerk.

## \*ATTENTION POSTAL PATRONS\*

Enforcement of Global Trade Compliance

A DETAILED DESCRIPTION is REQUIRED for all items listed on the Customs Declaration form. Customs clearance procedures have been strengthened by the US Postal Inspection Service and the Department of Homeland Security. Parcels with vague descriptions will be rejected and will not be cleared for mailing.

For example, instead of saying the package contains electronics, customers must specify what type of electronics (such as iPad). Using terminology like gift, household goods, medicine, merchandise, makeup, etc, is no longer authorized.

The CDC states to properly wash your hands, you must follow these steps.

1. Wet your hands with running water and apply soap.
2. Lather the soap in your hands and be sure not to forget between your fingers and under your nails.
3. Scrub your hands for at least 20 seconds or sing/hum the chorus of your favorite song.
4. Rinse your hands under running water and dry thoroughly.
